

COVID-19 OUTBREAK IN CDEMA PARTICIPATING STATES

SITUATION REPORT No. 14

AS OF 8:00 PM ON 11 JUNE, 2020

Restrictions are gradually being lifted among CDEMA Participating States amidst ongoing management of the COVID-19 pandemic

Map of the CDEMA Participating States showing COVID-19 Cases

COVID-19 Regional Surveillance Update for 11th June - The George Alleyne Chronic Disease Research Centre, U.W.I.

In the week to June 11th, among the 20 CARICOM members and associate members, there have been 1,269 new confirmed cases (down from 1,449 last week, up from 828 new cases 2 weeks ago) and 10 new confirmed deaths (down from 17 new deaths last week and 13 new deaths 2 weeks ago). Most of these new cases were identified in Haiti (1,156). The remaining 113 cases were reported in Suriname (63), The Cayman Islands (24), Jamaica (15), Barbados (4), Guyana (3) and with single cases reported in The Bahamas, Belize, St. Lucia, and St. Vincent and the Grenadines. In the past 24 hours there have been 142 new confirmed cases and 2 new confirmed deaths. With 3,796 confirmed cases, 1,156 of these in the past week, Haiti remains the outbreak hotspot among the CARICOM members. The continuing outbreak in neighbouring Dominican Republic (20,808 cases, 2,768 in the past week, 550 deaths) compounds the situation in Haiti. Ten of the 20 CARICOM countries have identified new cases in the past week.

Updates from CDEMA Participating States

ANGUILLA – Department of Disaster Management (DDM)

Cases

- There are currently no active COVID 19 cases, with no reported deaths.
- There are no suspected cases, and no evidence of transmission of the COVID-19 virus within Anguilla.
- It has been more than 60 days since Anguilla's last confirmed case. All three confirmed cases have recovered.
- A total of 57 samples were tested as at June 9, 2020, and there are no pending results.
- As at June 8th, 13 persons were quarantined at home, and one person was quarantined at a government facility.

Emergency Powers

- The Emergency Powers (Border Security and Control) Regulations in force until Sunday 31 May 2020 should be renewed effective Monday 1 June 2020.

Repatriation

- On June 5th the Minister of Health, Hon Evand McNeil Rogers signed Public Health (Government Quarantine and Isolation Facilities) Regulations 2020 and Public Health (Quarantine) Regulations 2020 as approved by Executive Council under section 8 of the Public Health Act, R.S.A. c. P125 as a critical part of Anguilla's COVID-19 response.
- On June 5th 2020, The Quarantine Authority, Dr. Aisha Andrewin- Chief Medical Officer, also signed the Quarantine (COVID) Rules 2020 as approved by Executive Council under the Quarantine Act, R.S.A. C. q5.
- The regulations and rules are aimed at repatriated individuals and engages a basic strategy as follows: (1) Mandatory testing for Covid-19 upon arrival in Anguilla, (2) Mandatory quarantine for a period of no less than fourteen (14) days at a government-approved location (3) Mandatory negative Covid-19 test before being released from either quarantine or isolation.
- As of June 6th 2020:
 - 370 persons located in 15 countries have registered their interests in returning to Anguilla
 - 138 applications have been processed and cleared for return to Anguilla
 - Eight (8) persons have been successfully repatriated under the current protocols.
- A repatriation form has been uploaded to the Ministry of Health's www.beatcovid19.ai website. This is to facilitate the planning for a phased repatriation exercise.

Further information on the COVID-19 response in Anguilla is available at <https://beatcovid19.ai/news/>

Updates from CDEMA Participating States

ANTIGUA & BARBUDA – National Office of Disaster Services (NODS)

Cases

- There are three (3) active cases from the total of 26 confirmed cases to date
- Two (2) persons are still hospitalized as a consequence of COVID -19
- Health protocols that cover the diverse range of operations at the VC Bird International Airport will be in full effect to coincide with the opening of Antigua and Barbuda's borders as of Monday 1st June 2020.

Emergency Powers

- Churches have reopened. The number of occupants varies based on the size of the building. The lowest occupancy noted is 25 persons
- Gyms and bars are also opened and have been inspected by the Ministry of Health and the Environmental Unit

Repatriation

- The resumption of commercial flights into Antigua and Barbuda commenced on June 4th
- On June 7th, the Prime Minister announced the procedure for incoming passengers.
- The procedures mandated by health officials require that all passengers who will be living in domestic communities overnight at a public quarantining facility.
- Thereafter, these passengers will be interviewed to determine their eligibility for self quarantining at home. Those who are not eligible, will remain in the public quarantining facility for seven to fourteen days.
- Persons planning to travel to Antigua and Barbuda from June 4 2020 are asked to register with the Ministry of Health Wellness and the Environment by providing information at <http://arcg.is/1TvL8a> or by calling 1-268-462-2675.

Updates from CDEMA Participating States

- The Government of Dominica has secured two flights operated by Silver Airlines on Tuesday, June 9th 2020.
- A total of 100 students are expected to return on June 9th, arriving from Fort Lauderdale and San Juan, Puerto Rico.
- Students from Canada, China, Trinidad, Barbados will be facilitated by June 24th.

Updates from CDEMA Participating States

GRENADA – National Disaster Management Agency (NaDMA)

Cases

- As at 10 June 2020, there are 24 confirmed cases, 22 persons have recovered, 26 persons in quarantine and there are no deaths.

Repatriation

- The airport remains partially opened to receive repatriated persons from the UK. A flight with 21 persons entered the country as a test of the system and all passengers are in quarantine. Repatriated persons from the USA are expected by the end of June.
- The Government of Grenada continues to explore the most feasible and safest way for other nationals stranded abroad, who are desirous, to return to Grenada.

Borders

- The next phase of reopening of borders is slated for 30 June, 2020, however prior to reopening, further exercises will be conducted to test the system. The Government is deploying all the necessary resources to be able to guard the borders and isolate, as much as possible, any potential carriers of COVID-19, in order to safeguard the general population.

Emergency Powers

- A curfew is imposed beginning from 7:00 a.m. on the 9th day of June, 2020 and ending at 7:00 a.m. on the 16th day of June, 2020 and during this period every person shall remain confined to their place of residence (inclusive of their yard space) to avoid contact outside of their household, except as provided in these Regulations or as may be authorised in writing by the Commissioner of Police acting on the direction of the Cabinet. Freedom of movement may be exercised from 5:00 a.m. to 9:00 p.m. in accordance with these Regulations.
- Every person shall, whenever he is outside of his place of residence, wear a mask or suitable covering over his nose and mouth.
- These Regulations shall not apply in the case of a medical emergency.
- Further information on the Emergency Powers Regulations may be accessed at: <https://www.facebook.com/notes/ministry-of-health-grenada/emergency-powers-covid-19-no-11-regulations-2020/783822012149893/>

Other

- Hurricane preparation activities continue with ongoing shelter inspection. The Shelter Guidelines and Protocols have been updated.
- Shelter capacity to facilitate COVID-19 protocols continues to be a challenge, however work is being done to ensure persons are identified for isolation

Updates from CDEMA Participating States

GUYANA – Civil Defence Commission (CDC)

Repatriation

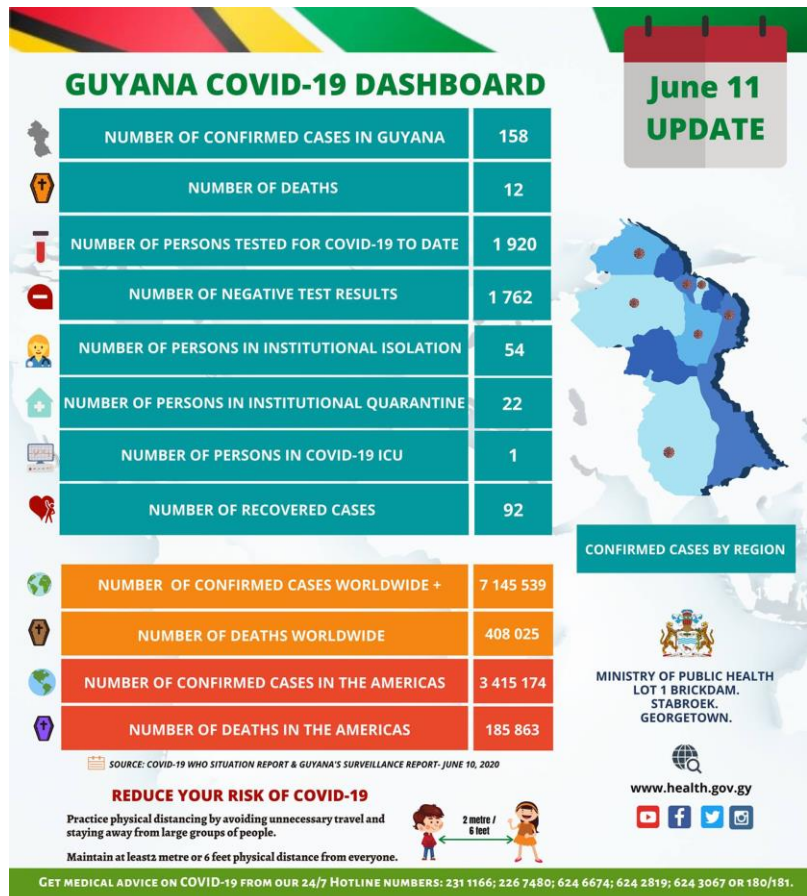

- First batch of stranded Guyanese approved for entry by the National COVID-19 Task Force arrived in Guyana on June 6
 - Citizens seeking repatriation to Guyana are required to complete and submit a form and submit a test for COVID-19 via PCR method no less than 48 hours before arrival.
 - Re-entry is only granted for citizens testing negative for COVID19.
- All repatriates will be subjected to a mandatory seven-day quarantine at their homes.

Borders

- Cheddi Jagan and Eugene F. Correia International Airports remain closed
- All border entry points (formal and informal) that are shared with Suriname, Brazil and Venezuela remain closed

Other

- Toushao of Moruca (Region 1) announces a two-week lockdown for the sub-district from June 2 – 15
- Schools reopened on June 8 for preparation of classrooms, and June 15 to students who are to sit NGSAs, CAPE and CSEC only
- MOE announced dates set for National Grade Six Assessment are July 1 and 2

Emergency Powers

- The COVID-19 Emergency Measures (No.3) published in the Gazette 29 April 2020, and effective until June 3, 2020, have been extended to 17 June 2020.
- This also means the 6pm-6am curfew will remain in effect until 17 June 2020.
- Further information on the Emergency Powers Regulations may be accessed at: <https://dpi.gov.gy/curfew-emergency-measures-extended-to-a-june-17/>

Updates from CDEMA Participating States

HAITI – The Civil Protection Directorate

Cases

- As at 10th June 2020, Haiti had a total of 3,796 confirmed cases, of which 3,714 were active cases, 24 recovered cases, and 58 deaths. There are 364 persons in institutional quarantine and 1,395 persons in home quarantine.

Other

- There is concern that the shelters do not become a source of propagation of COVID-19. To avoid this, the NDO will be following guidance from CDEMA and will be working the shelter teams to ensure these guidelines are followed.
- A decision was made to sensitize the community that they should go to family or friends before going to the shelter in an effort to reduce the capacity of the shelters.
- The Civil Protection Directorate will continue to strengthen the coordination with international partners such as IOM, WFP, UNDP, as well as the private sector, Ministry of Health and MET services.
- Experts noted that the peak of COVID-19 will be met by the end of June 2020 in Haiti.

Updates from CDEMA Participating States

JAMAICA – Office of Disaster Preparedness and Emergency Management (ODPEM)

Reopening

- In an effort to prevent an increase in imported cases of coronavirus COVID-19, the Government closed Jamaica's borders to incoming passengers on March 24. The country began accepting repatriated Jamaicans on May 6 and the reopening of the country's borders to international travellers will commence on June 15.

Repatriation

- On Tuesday (June 9), 96 repatriated Jamaicans arrived on a flight from Fort Lauderdale in the United States under the protocol for controlled re-entry.
- The Government is in dialogue with the airlines to establish schedules to June 14, with the view to have four flights a day for North America, two at each airport, one in the morning and one in the evening as well as an additional midday flight for the Caribbean.
- The Government is aiming to bring home about 3,000 of the 7,000 Jamaicans who have applied to return through the JamCOVID portal

Emergency Powers

- A high-level team has been established to develop plans for the gradual reopening of the economy.
- The Government is currently reviewing the Order pertaining to the closure of places of amusement, beaches and other attractions, with a view of reopening them in a limited and controlled manner.
- The Work from home order expired 31 May, 2020.

Cases

Jamaica has recorded 6 new cases of COVID-19 as at June 11. This brings the total number of confirmed cases to 611.

Updates from CDEMA Participating States

MONTSERRAT – Disaster Management Coordination Agency (DMCA)

Cases

- There are no active cases of COVID-19 in Montserrat.

Emergency Powers

- A pre-travel registration process and other protocols have been implemented by the Ministry of Health and Social Services and the Access Division, for persons traveling to Montserrat.
- These measures have been activated following the enforcement of S.R.O 36 of 2020 'Public Health (COVID-19 Suppression) (No.3) Order', on Monday June 8, 2020 which makes provisions for several categories of persons to travel to Montserrat.
- However, persons must register to travel to Montserrat by completing and submitting the 'Access Declaration Form' at least 72 hours or 3 days prior to the expected date of arrival. Additionally, entry into Montserrat will only be allowed through air access at the John A. Osborne Airport. The electronic 'Access Declaration form' is available on the government website at www.gov.ms
- During the travel and arrival process, several protocols are also in place to minimise the potential risk of exposure to COVID-19.

Other

- Public schools on Montserrat began a phased reopening process this week (week of June 9), as operations resumed at the Montserrat Secondary School (MSS), and the Brades and Look Out Primary Schools for select forms and classes.
- At the MSS only 3rd to 5th form students are being taught on the campus, while only grades 6 and 4 are being taught at the school compounds at the Primary level. All other students are being taught using online learning platforms.
- Prior to the reopening, the Ministry of Education published and circulated the "Guidelines for Safe Reopening of Schools in Montserrat," which illustrated the new protocols that should be adhered to. Signs with information on the protocols have also been erected at the school premises at strategic points as a constant reminder to staff and students.
- Small or micro businesses on Montserrat facing financial difficulties due to COVID-19 measures, can now apply for a direct one-off cash grant, up to a maximum of ten thousand EC dollars (\$10,000).
- For further information on COVID-19 updates for Montserrat visit: <https://www.facebook.com/GIUMontserrat>

Updates from CDEMA Participating States

ST. KITTS & NEVIS – National Emergency Management Agency (NEMA)

Cases

- As at 10 June 2020, St. Kitts and Nevis continues to have zero active cases of COVID-19.

SOURCE: <https://www.who.int/COVID-19>

Caribbean Disaster Emergency Management Agency (CDEMA) Actions

REGIONAL LEVEL ENGAGEMENTS & COORDINATION

- CDEMA continues to lead the multi sectoral coordination in support of the CARICOM technical lead for health, CARPHA.
- The Regional Coordination Centre is activated.
- The CDEMA CU continues to liaise with the CARICOM regional institutions towards supporting the strengthening and continuity planning as well as regional level coordination.
- The CDEMA CU also continues to work closely with the CARICOM Secretariat, CARPHA and PAHO towards strengthening of the Health sector level coordination and readiness
- The Regional Protocol designed to support CARICOM States in their response to COVID-19 has been finalized with the support of Regional Institutions of CARICOM and submitted to the CARICOM Secretariat.
- To support country response, COVID-19 Assessment and Analysis, modeling and surveillance products developed by University of the West Indies, through the George Alleyne Chronic Disease Research Centre are available via the CDEMA website .
- The Logistics and Procurement Cell is working towards strengthening the regional logistics arrangements and the supply chain in the region. The Integrated Regional Logistics Hub is being established in Barbados to facilitate the reception and onward movement of emergency supplies. This cell includes partners such as the World Food Programme (WFP).
- The National Disaster Offices are either on high alert and have activated their National Emergency Operations Centre (NEOCS) where there are confirmed cases. In this regard, the Regional Response Mechanism (RRM) continues to be on alert should the need arise for support from any Participating State.
- The latest updates on the COVID-19 pandemic in the region can be accessed from the CARPHA's website www.carpha.org
- CDEMA and the Regional Response Mechanism partners will continue to monitor the situation and will provide updates as appropriate.
